

# Cooling the Earth One House at a Time

~ A community forum on actions you can take at home ~

*Reduce your carbon footprint?*

*Save money?*

*What really works?*

*What is the cutting edge research?*

**TAKE ADVANTAGE OF THIS RARE OPPORTUNITY TO HEAR LOCAL EXPERTS FROM THE COMMUNITY AND UC DAVIS WHO ARE SETTING STANDARDS FOR THE STATE AND NATION IN ENERGY EFFICIENCY AND GREEN POWER.**

- **Jonathan Woolley, UC Davis Western Cooling Efficiency Center** – *Action Plan for Reducing Your Home’s Heating and Cooling Carbon Footprint*
- **A Representative from the California Lighting Technology Center** – *Exploring Emerging Technology and Options for Lighting*
- **Steve Brennan, Davis Energy Group** - *Improving Energy Efficiency and Home Energy Evaluations*
- **Liz Merry, Verve Solar Consulting** – *Generating Power with Solar PV and Solar Thermal*
- **Paul Navazio, City of Davis** – *Emerging Funding Opportunities*

Don Saylor, City of Davis, Mayor Pro Tempore, Convener

---

**Wednesday, October 7<sup>th</sup>, 2009 ~ 7:00 pm – 9:00 pm**

**Davis City Council Chambers ~ 23 Russell Boulevard**

*One of a series of forums sponsored by the City of Davis Climate Action Team and the non-profit Valley Climate Action Center (VCAC)*

**~ This event is free and open to the public ~**
