

2010-2011 CDBG/HOME APPLICANT QUESTIONS AND RESPONSES

Name of Organization:	Summer House, Inc.
------------------------------	---------------------------

Project Title:	ADA Rehab
-----------------------	------------------

1.

Question	Answer
Has Summerhouse contacted Rebuilding Together out of Sacramento or any other groups that do modifications and who could assist in reducing potential expenses?	Summer House has not contacted these groups up to this point but now that we are aware, we have initiated contact with Rebuilding Together & Habitat for Humanity to seek assistance with our bathroom rehabilitations. This could reduce the overall cost of the project greatly.

2. Question:

Question	Answer
With the number of applications and the small amount of funding available for public service grants, the city is having to make difficult funding decisions. What is the minimum grant amount that your organization could use and still maintain the service your grant application describes? Or is there a crucial component of your application that requires this funding and how much is the cost of that component?	The critical component of the application is truly the rehabilitation of the current ADA bathroom. The total projected cost for this bathroom is approximately \$9,000 of which we as an agency could supply \$2,000. The minimal grant amount we would be able to proceed with would be \$7,000 toward the ADA rehabilitation of the existing bathroom.
