

CITY OF DAVIS
 Reconciliation of the
 NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS
 with the
 STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED JUNE 30, 2006

The schedule below reconciles the Net Changes in Fund Balances reported on the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balance, which measures only changes in current assets and current liabilities on the modified accrual basis, with the Change in Net Assets of Governmental Activities reported in the Statement of Activities, which is prepared on the full accrual basis.

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS	\$2,785,630
--	-------------

Amounts reported for governmental activities in the Statement of Activities are different because of the following:

CAPITAL ASSETS TRANSACTIONS

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is capitalized and allocated over their estimated useful lives and reported as depreciation expense.

The capital outlay and other capitalized expenditures are therefore added back to fund balance	7,955,864
Contributions of capital assets is added to fund balance	942,993
Depreciation expense is deducted from the fund balance (Depreciation expense is net of internal service fund depreciation of \$751,350 which has already been allocated to serviced funds)	(85,049,518)
Net retirements of capital assets	(6,475)

LONG-TERM DEBT PROCEEDS AND PAYMENTS

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets. Repayment of bond principal is an expenditure in the governmental funds, but in the Statement of Net Assets the repayment reduces long-term liabilities.

Repayment of debt principal is added back to fund balance	463,419
Repayment of special assessment obligation is added back to fund balance	68,271

ACCRUAL OF NON-CURRENT ITEMS

The amounts below included in the Statement of Activities do not provide or (require) the use of current financial resources and therefore are not reported as revenue or expenditures in governmental funds (net change):

Interest payable	(10,860)
Deferred revenue	(1,061,813)
Compensated absences	(161,951)

ALLOCATION OF INTERNAL SERVICE FUND ACTIVITY

Internal Service Funds are used by management to charge the costs of certain activities, such as equipment acquisition, maintenance, and insurance to individual funds. The portion of the net revenue (expense) of these Internal Service Funds arising out of their transactions with governmental funds is reported with governmental activities, because they service those activities.

Change in Net Assets - All Internal Service Funds	1,235,517
---	-----------

CHANGE IN NET ASSETS OF GOVERNMENTAL ACTIVITIES	(\$72,838,923)
---	----------------
