

What's **Your** Vision for Downtown Davis? Join us for Participatory Design Workshop #2 **Refining a Preferred Alternative**

July 10th–14th, 2018 at the Davis Community Church, 421 D Street
The Fellowship Hall

The Participatory Design Workshop is a multi-day opportunity for residents, property owners, and students of the Davis community to collaborate with a multidisciplinary team to craft a vision for Downtown Davis. The ideas and vision developed during the workshop along with other community input will guide the creation of the Specific Plan document. The Specific Plan will then implement these ideas through policies and design standards.
