

Davis Police Department

2017 Parking Permit Sales

It's that time of year! The Davis Police Department is happy to announce that beginning **August 10, 2017**, parking permits will be available for purchase **ONLINE!** Here's what you need to know:

Permits will no longer be sold at the police department. Permits will be sold **ONLINE ONLY** at <https://davisparking.t2hosted.com>. All required documentation must be submitted using the online portal.

With the exception of visitor permits, we will no longer issue physical permits (stickers & placards). Permits will now be virtual and tied to your license plate.

Since commuter permits will be assigned to specific license plates, they may no longer be shared between vehicles.

For those who are interested, commuter permits can now be purchased on a month to month basis.

If you do not have access to a computer or smartphone, a computer kiosk is available in the police department lobby — staff will be happy to assist you with your online purchase.
