Parks and Recreation Facilities Master Plan Update Kick Off Meeting

The Parks and Community Services Department and Recreation and Parks Commission, will be hosting a kick off meeting to discuss the update of the Parks and Recreation Facilities Master Plan. The Master Plan provides the guiding framework for determining what the parks and recreation facilities should look like in the future. Does the community need or want more sports fields, a community center, greenbelts or basketball courts or should we be enhancing what we have? The Master Planning process is a multi level approach to answering the questions about what does the community want; what does the community need and what can the community afford.

The Consulting firm of Moore Iacofano Goltsman, Inc “MIG” will provide a presentation of the steps involved in updating a Master Plan including public input opportunities at the meeting and through out the process. The meeting will held on **Wednesday, November 14th** at 7:00pm in the South Conference Room at the School District Offices located at 526 B Street.
