KEY

---: Install Park-rite bike rack model #2202-069 (Park's B bikes) where shown on the plans at Covell Blvd. entrance (Shore Park Pkwy at 010) 330-4367. Anchor with two 1/2" x 1/2" concrete bolts.

---: Street Sign: Construct as per Univ. 1 detail.

---: Drainage: Install catch basins per City Standard (if required), on PVC main line per City Standards where shown on the plans.

---: Signs: Provide and install signs at Pole Line Rd. entrance and at regular intervals where shown on plans; signs which make clear restrictions on access to golf course and agricultural buffer areas. Sign size, construction and content shall be reviewed and approved by City Parks Dept. Start prior to installation (start to metal sign) (approximate 1 mo. in on-line (EOW) time).

---: Wire Mesh Fence: Construct as per Univ. 1 detail.

PLANT MATERIALS

---: EROSION CONTROL SEEDING (see specifications for seed mixes)

---: Shrubland Area seed mix

---: Sycamore Savanna seed mix

---: NATIVE SPECIES PLANTING (see specifications for plants and quantities)

---: Shrubland Area Plants - Install linear plantings where shown on the plans using spacings called for on page 22 of the specifications.

---: Sycamore Savanna Plants - Plant within the Sycamore Savanna seeding area, the quantities called for on page 22 of the specifications. Using spacings called for, plant in three or more "islands" in low spots or other locations where survival is most likely.
