

City of Davis 10851 Analysis

(4/6/10-10/6/10)

Quick Facts:

- ✓ Between 4/6/10 and 10/6/10, DPD took **55** 10851 reports. This translates to roughly 9 stolen vehicle reports per month. Compared to the same time period last year, 10851s have decreased by (N=13) or by about 24%.
- ✓ Nearly every 10851 reported occurred at or within 500 yards of an apartment complex.
- ✓ 10851s occur most frequently in Beat 1 (36%), followed closely by Beat 4 (34%).
- ✓ **10851s occur most frequently on Wednesdays.** When time element is reported, the data shows that 45% of our 10851s occur **between 1800 hrs and 0900 hrs.**
- ✓ Top makes and models of 10851s in Davis are: Honda Civics¹ (30%) and Acura Integras² (20%), in line with state-wide and national statistics.
- ✓ 47% (N=26) of our 10851s were recovered in Sacramento.
- ✓ The data suggests that stolen vehicles found in Davis are typically used for a temporary purpose (e.g.: joyriding, transport, commission to another crime), whereas the vehicles found in Sacramento are taken for financial gain (e.g.: parts) as evidenced by the severity of strip and burn activity.

Comments On Davis 10851s Recovered in Sacramento:

- ✓ A disproportionate number of our stolen Civics (58%) and Integras (64%) were recovered in Sacramento³.
- ✓ Of the 47% of vehicles recovered in Sacramento, 27% of them were reported as majorly stripped or burned.
- ✓ 100% of our majorly stripped or burned vehicles were recovered in Sacramento. In other words, there were no stripped or burned vehicles

¹ With specific attention to 1995-2000 models (N=13).

² With specific attention to 1995-1999 models (N=7).

³ Civics recovered in Sacramento (N=10/17); Integras recovered in Sacramento (N=7/11).

found in any other jurisdiction. Or, it's easier to light cars on fire in Sacramento.

- ✓ Because severe stripping is a common attribute of vehicles recovered in Sacramento, we can assume that the thieves responsible are more skilled than those taking and dumping vehicles in Davis.

Comments on Davis 10851s Recovered in Davis:

- ✓ 25% (N=14) of Davis reported 10851s were ultimately recovered in Davis.
- ✓ 57% of the 10851s stolen and recovered in Davis were found free of damage. When found damaged, most vehicles had ignition or tire damage. This finding suggests that our suspects in these cases tend to be fairly unskilled and young. Our 10851 arrest data for 2010 (YTD) supports this finding, as 75% of our arrestees were under 23 years of age.
- ✓ 4601 2nd St. (Target p-lot) is a hot spot for R10851s!
