

APARTMENT RECYCLING IN DAVIS IS EASY!

Bottles and Cans

Steel Cans

Glass Bottles

Plastic Bottles

Aluminum Cans

Paper and Cardboard

Magazines

Newspapers

Junk Mail

Cereal Boxes

Cardboard

Flatten and stack next to recycling carts

Waste Reduction Guide

Part of being a good neighbor is reducing the amount of garbage you produce. California's goal is to eventually achieve zero waste--recycling virtually everything with nothing going into landfills. In order to make that happen, we need to start reducing how much waste we produce. The following waste reduction tips should help to decrease the amount of waste you produce.

WASTE REDUCTION TIPS

- 1) Use your plastic grocery bags to line small garbage cans.
- 2) Select products with the least wasteful packaging.
- 3) Use a cloth napkin instead of a paper napkin.
- 4) Use washable mugs at work or school instead of paper cups.
- 5) Use both sides of paper and then recycle it.
- 6) Use reusable containers for snacks, a washable bag or plastic container for sandwiches and a cloth napkin.
- 7) Pack your lunch in reusable cloth bag or lunchbox.
- 8) Use sturdy washable utensils and dishes for picnics, outdoor parties and BBQs.
- 9) Use a sponge or dishcloth instead of a paper towel.
- 10) Use rechargeable batteries or an AC adaptor whenever possible.
- 11) Buy fresh produce without packaging whenever spoilage won't be a problem.
- 12) Buy and maintain durable products.
- 13) Before throwing a product away, check into repair and warranty options.
- 14) Buy concentrates, returnables and products in bulk.

STOP JUNK MAIL

Another great way to reduce waste is to stop junk mail (catalogs, flyers, credit card offers, etc.). Junk mail creates a lot of paper waste in the typical household.

You can get an online kit to stop junk mail at www.stopjunkmail.org or go to the Direct Marketing Association, www.dmaconsumers.org/privacy.html and ask to be placed in their "name removal file." Be sure to provide all the various spellings and address versions that you want removed from mail lists.

MOVING GUIDE

To continue being a good neighbor even as you move, we would appreciate it if you try to minimize the amount of trash you throw away. We know it can be challenging when you are packing and moving to deal with all that "extra stuff." Please recycle and reuse all that you possibly can.

Do you have unwanted furniture, clothes, or other household goods? Instead of throwing it away, please donate it to a local charity. See the Davis Recyclopedia at www.davisrecycling.org for reuse and recycling options for over 150 different items.

PACKING MATERIALS

Be a good neighbor and help us reduce waste: Reuse and recycle your unwanted packing materials

Moving Boxes

Recycle: Flatten and stack next to recycling carts at your community's recycling area

Styrofoam Peanuts

Reuse: Bag them securely and bring to:
The UPS Store 1411 W. Covell, 756-0311
The UPS Store 140 B Street, 747-0500
PDQ 216 F Street, 756-7084

Bubble wrap

Reuse: Bring bubble wrap to:
The UPS Store 1411 W. Covell, 756-0311
The UPS Store 140 B Street, 747-0500
PDQ 216 F Street, 756-7084

Newspaper and Packing Paper

Recycle: Take to your community's recycling area
