

# City of Davis COI to Draft Maps

# California Fair Maps Act

## Open and Fair redistricting process

The Fair Maps Act passed by the Legislature mandates a set of criteria we must follow when drawing district plans.

- Relatively equal size - people, not citizens
- Contiguous – districts should not hop/jump
- Maintain “*communities of interest*”
- Follow city and census designated place boundaries
- Keep districts compact – appearance/function

# Community of Interest Testimony

Open and Fair redistricting process

The City received 21 comments on the web form posted on the City's redistricting website.

- All 21 comments focused on Aggie Village and grouping it with similar neighborhoods

# From COI to Maps

With more cities and counties using community based redistricting, we move redistricting out into the public, with maps driven by Community of Interest testimony.

- **Input from community drives process** with multiple ways for the public to engage.
- **Rules for process** emphasize the importance of traditional criteria and minimizing divisions of neighborhoods.
- **Releasing maps for feedback** – today we will see plans to spark more public engagement.

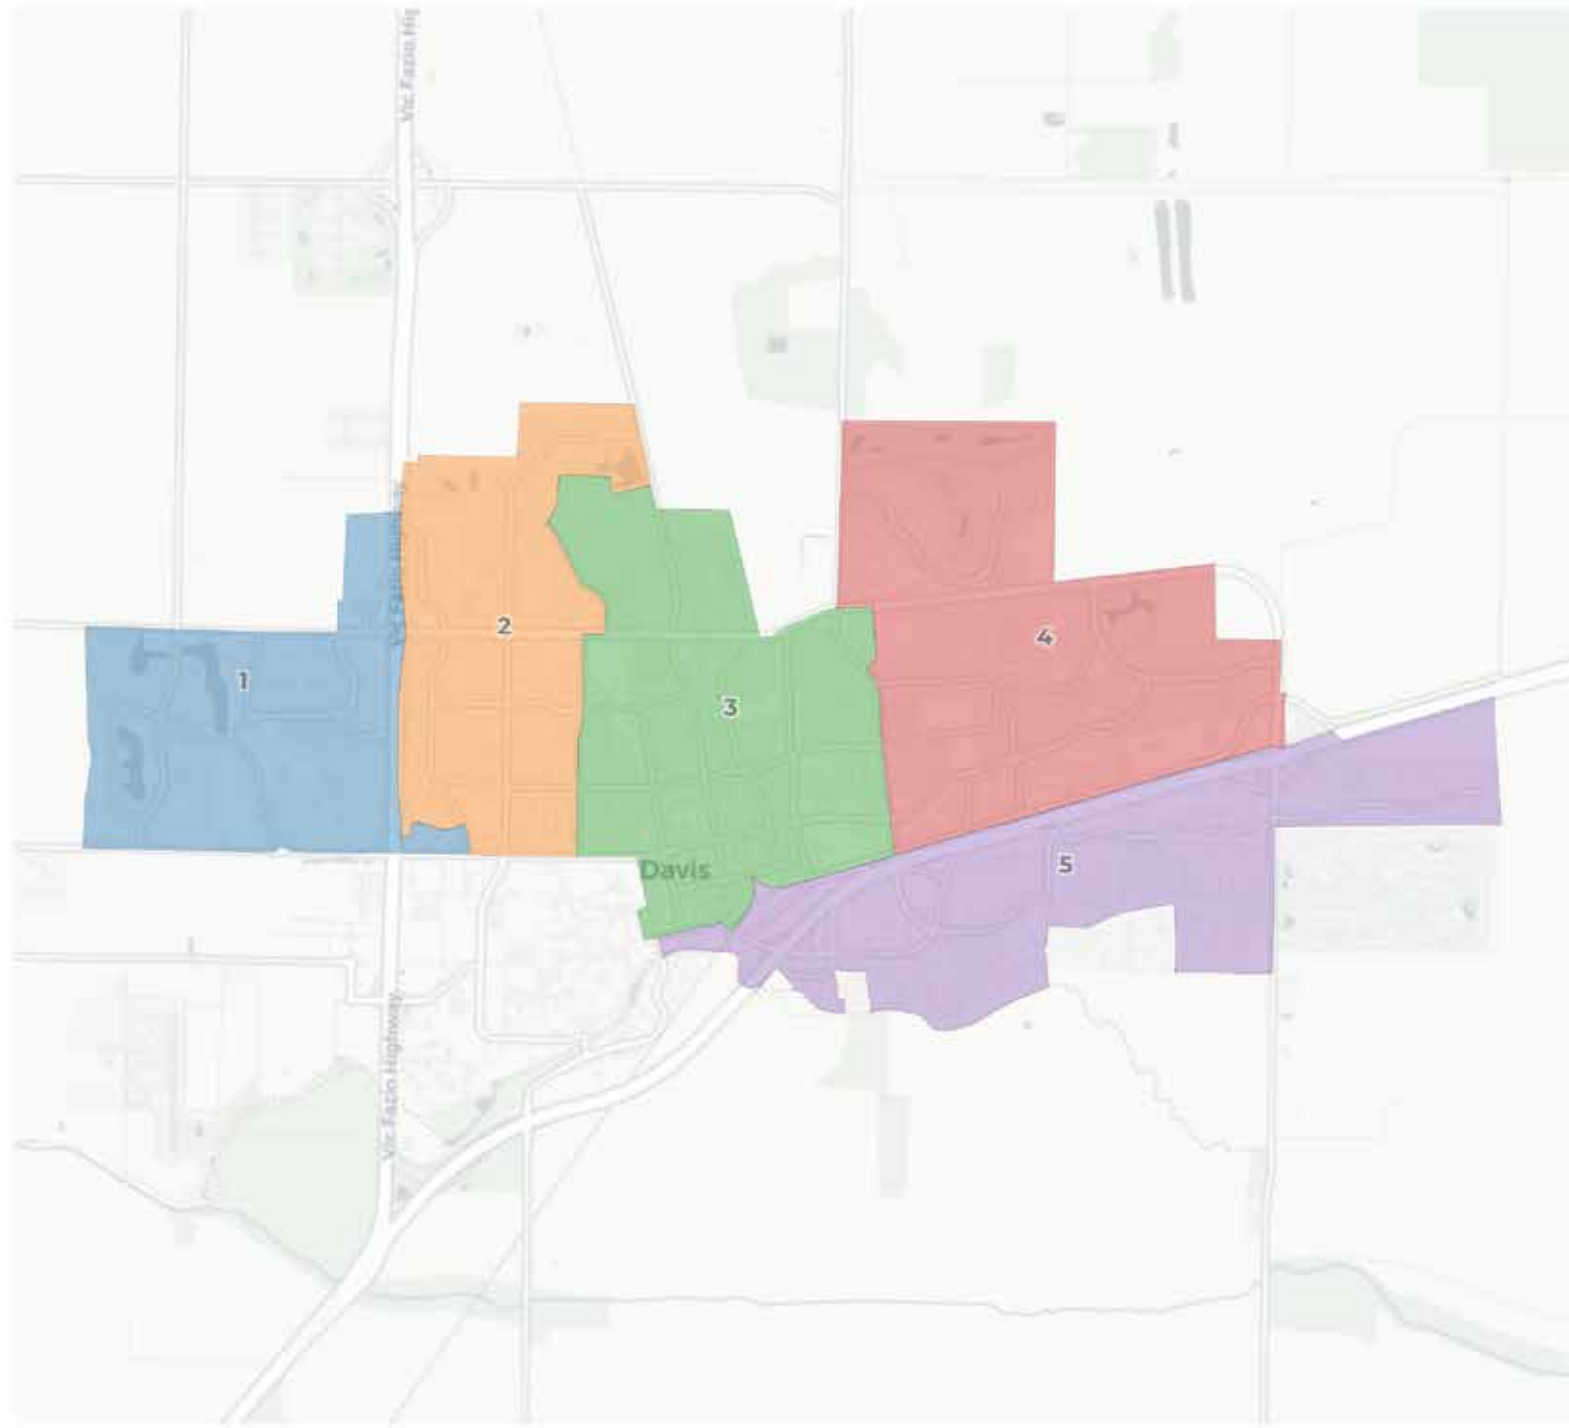

# Maps to Review

There are two plans to review today.

- Plan A
- Plan B

Each plan has an overview, data table, individual district pages and web map that has been provided to the district and is available on the city redistricting website.

# What's Next

The City Council can make use of these mapping options in a number of ways.

- **Identify preferred plan(s)** with an understanding that none of these are final plans. *It is an iterative process.*
- **Suggest possible changes** –adjustments can be made to any of the draft plans.
- **Provide direction** for the preparation of **new draft map(s)** to be put out for public input and future review and adoption.
- Consider new draft maps at a public hearing scheduled for the next regularly scheduled Council meeting.
