

City of Davis COI to Draft Maps

California Fair Maps Act

Open and Fair redistricting process

The Fair Maps Act passed by the Legislature mandates a set of criteria we must follow when drawing district plans.

- Relatively equal size - people, not citizens
- Contiguous – districts should not hop/jump
- Maintain “*communities of interest*”
- Follow city and census designated place boundaries
- Keep districts compact – appearance/function

Community of Interest Testimony

Open and Fair redistricting process

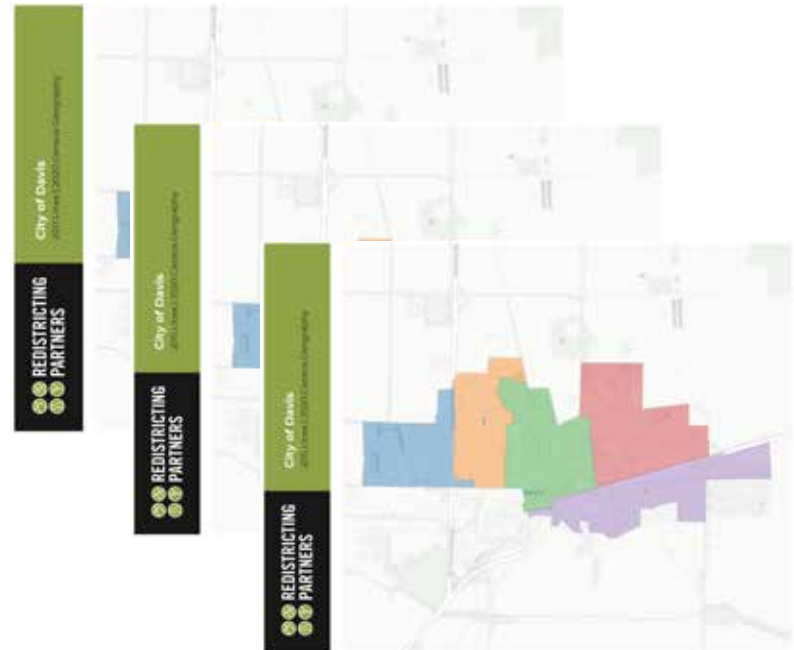

The City received 21 comments on the web form posted on the City's redistricting website.

- All 21 comments focused on Aggie Village and grouping it with similar neighborhoods

From COI to Maps

With more cities and counties using community based redistricting, we move redistricting out into the public, with maps driven by Community of Interest testimony.

- **Input from community drives process** with multiple ways for the public to engage.
- **Rules for process** emphasize the importance of traditional criteria and minimizing divisions of neighborhoods.
- **Releasing maps for feedback** – today we will see plans to spark more public engagement.

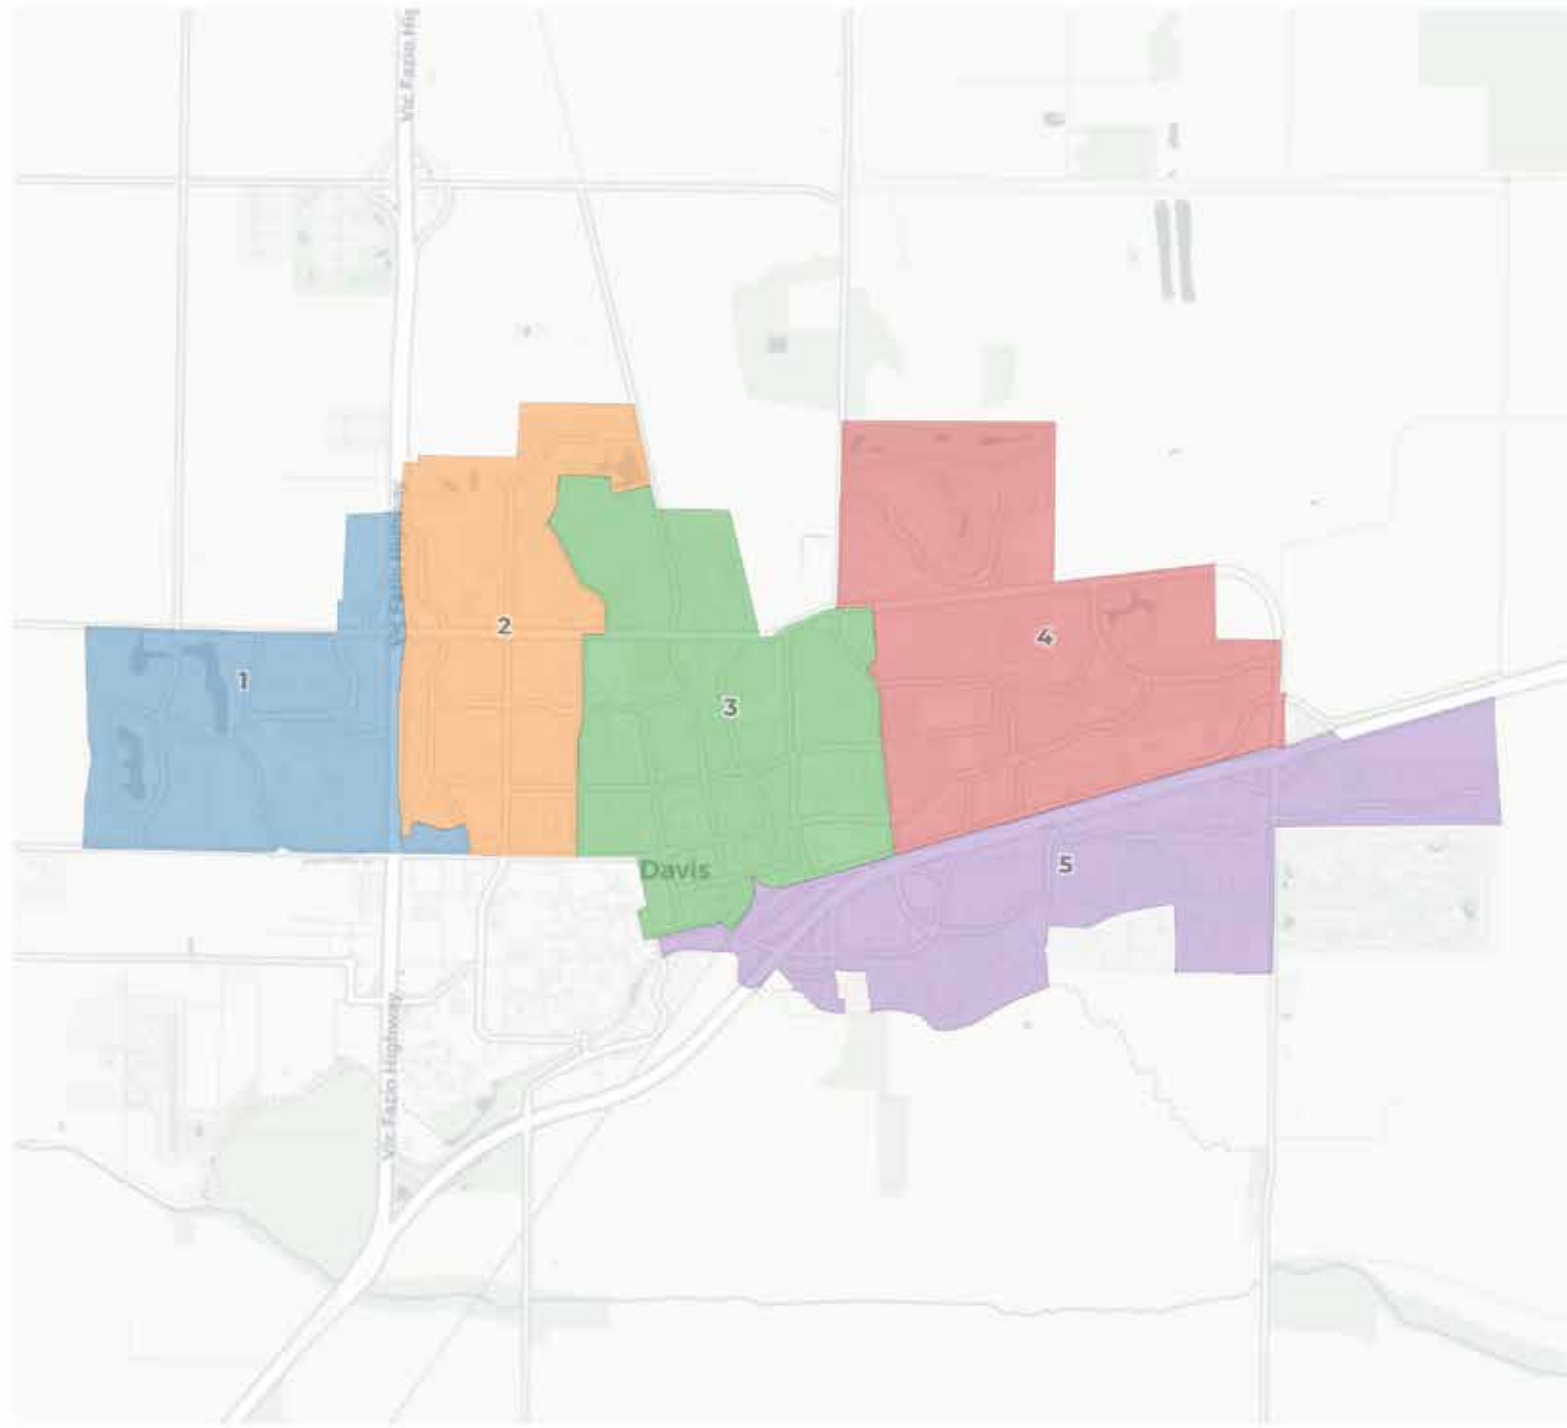

Maps to Review

There is one plan to review today.

- Plan A
- Plan B
- Plan C

Each plan has an overview, data table, individual district pages and web map that has been provided to the district and is available on the city redistricting website.

Maps to Review

Acceleration and Deferral

Acceleration

In an election system where there are staggered, four-year terms with elections every two years, a redistricting can result where a person who just recently elected a representative is moved into a new district where they can again choose an elected representative. Their opportunity to vote has been accelerated by two years.

Deferral

Is the opposite situation. Its when a person's opportunity to vote has been deferred by two years.

Maps to Review

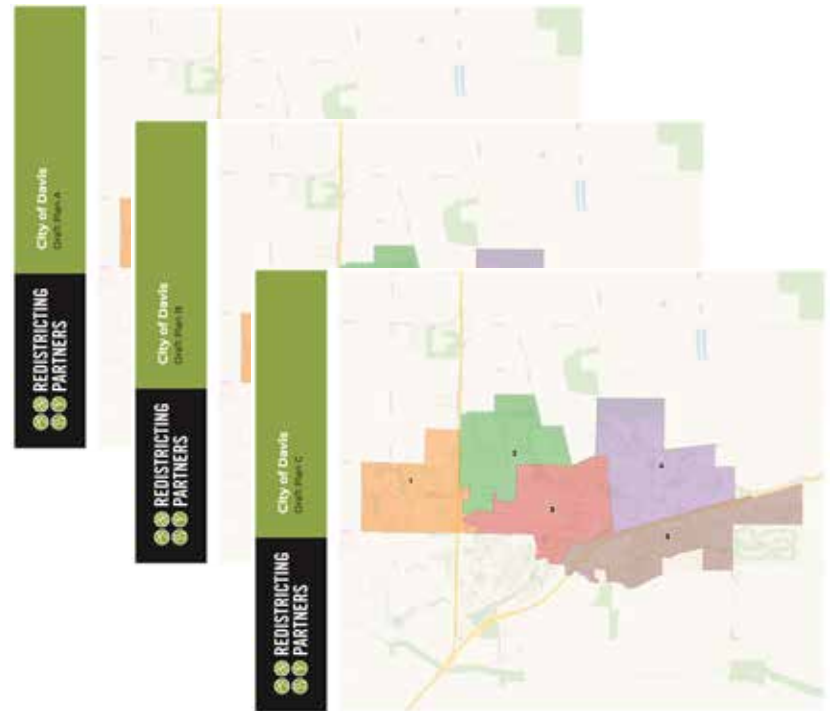

Acceleration and Deferrals within Draft Map A.

Acceleration

- 754 people accelerated into District 1
- 3 people accelerated into District 4

Deferral

- 68 people deferred into District 2

Maps to Review

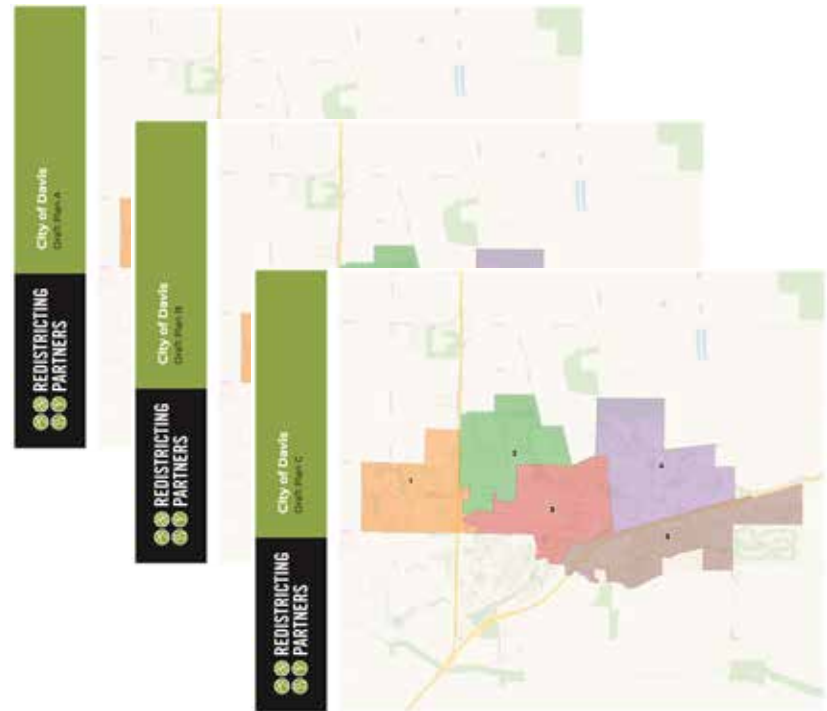

Acceleration and Deferrals within Draft Map B.

Acceleration

- 1,336 people accelerated into District 1
- 3 people accelerated into District 4

Deferral

- 909 people deferred into District 2

Maps to Review

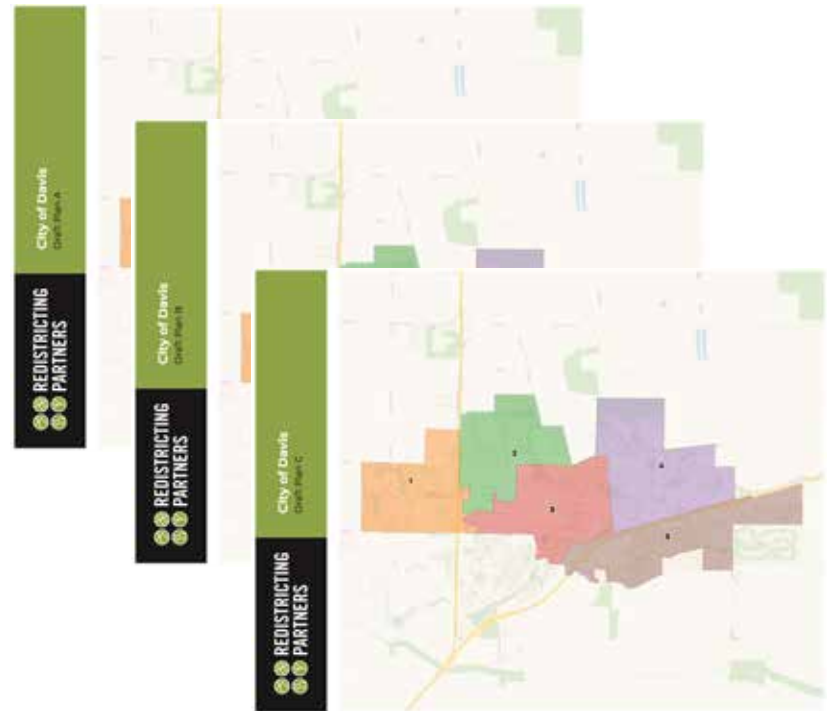

Acceleration and Deferrals within Draft Map C.

Acceleration

- 754 people accelerated into District 1
- 3 people accelerated into District 4

Deferral

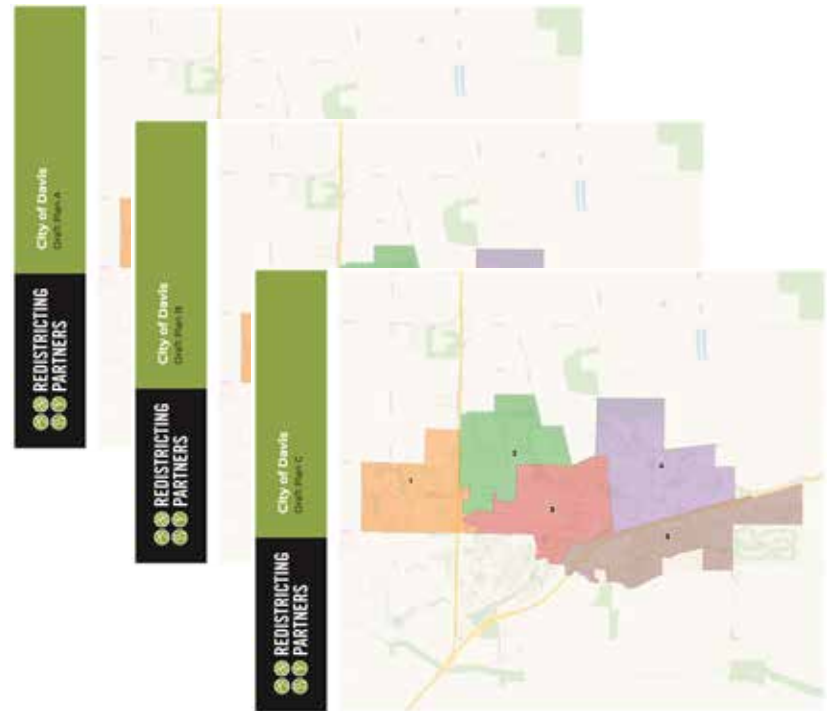

- 68 people deferred into District 2
- 253 people deferred into District 3

What's Next

The City Council must select a final plan tonight.

- **Identify a preferred plan** – your preferred plan will be presented at the February 15th City Council Meeting for adoption
- **Suggest final changes** – tonight is your chance to make any final changes to your preferred plan before it comes back for adoption on February 15th
