

CANDIDATE STATEMENT

DONNA NEVILLE

Age: 65

Occupation: City of Davis Planning Commissioner/Attorney

It would be my honor to represent you on the Davis City Council. My extensive public service, coupled with community volunteer work, have given me the tools to address the important issues facing Davis. I spent nearly three decades as a trusted legal advisor, where I worked to improve state and local government programs.

As a community volunteer, I chaired the City of Davis Finance and Budget Commission, where our recommendations saved the city money. I also chaired the DJUSD Measure M Citizens' Bond Oversight Committee. Currently, I serve on the City of Davis Planning Commission and as board president for the National Alliance on Mental Illness Yolo County, an organization that promotes awareness of, and destigmatizes, mental illness. I understand how government should work and take a creative, collaborative approach to solving problems.

If elected, I will listen closely to your concerns and work hard to implement effective solutions to the City's most pressing problems. My top priorities include ensuring that the infrastructure and services you need and depend on are serving you; promoting fiscal and climate resiliency through smart planning and action; and addressing homelessness and housing affordability.

I love this community, which has given so much to my family, and am optimistic that together we can all build a stronger, more vibrant and sustainable City. Visit www.donna4davis.com to learn more.
