

**CITY OF DAVIS**  
**2023-2024 COMMUNITY DEVELOPMENT BLOCK GRANT APPLICATION**

**PART ONE:**

**Organization Name:** City of Davis – Playfields Park ADA Improvements

**Name:** Deanne Machado      **Title:** PCS Director      **Phone:** (530) 757-5626

**Mailing Address:** 23 Russell Blvd, Davis CA 95616

**Email Address:** [dmachado@cityofdavis.org](mailto:dmachado@cityofdavis.org)

**PART TWO:**

**Proposed Project Location:** 2500 Research Park Drive, Davis CA 95618

**Total Proposal Request:** \$ \$621,360      **Minimum Request:** \$ \$300,000

**CDBG Eligible Category:** Removal of Architectural Barriers  
(See List A in Application Packet)

**National Objective Compliance/Low and Mod Benefit:** Limited Clientele  
(See List Bin Application Packet)

**City Council Identified Critical Needs:** (See List C in Application Packet)

- 1) Accessibility in Public Facilities
- 2) \_\_\_\_\_
- 3) \_\_\_\_\_

**Beneficiary Information:**

4,800 Total number of beneficiaries in proposed project  
4,800 Number of beneficiaries in program to be served with **CDBG** funds  
80% Percentage of the **CDBG** beneficiaries with low/moderate income  
N/A Cost(\$) per **CDBG** beneficiary (CDBG Request/CDBG Beneficiaries)  
N/A Unit of service to determine cost per beneficiary (meal, grocery bag, kit, hour, day/night Week, etc.) (Public Services Only)

**PART THREE: Scope of Proposal**

**a. Need/Target Group** (Describe the need for the activity and the group being served)

In accordance with the Self Evaluation and Transition Plan, City staff continues to work towards the removal of architectural barriers in public facilities and pathways. This proposal would improve the accessibility at Playfields Park in conjunctions with replacement of the turf field and adjacent areas.

The target group to be served by this project is all Davis residents, city employees, and members of the public who have restricted access to public facilities, pathways, and transit due to the constructed environment and varying abilities.

**b. Project Description/Benefit** (Activity Summary: Describe the activities of the proposed budget and benefit)

This project will provide ADA improvements to Playfields Park, in conjunction with the replacement of the turf field and enhancements to surrounding areas.

The American Community Survey, using data from the 2021 US Census, estimates there are 4,800 individuals in Davis with mobility and self-care limitations. Improving and providing access to civic life for people with disabilities is a fundamental goal of this proposal. To ensure that this goal is met, the City seeks to continue implementation of projects that improve access and achieve compliance with Title II of the American with Disabilities Act (ADA). These requirements include improving physical access to government facilities, programs and events where changes may be necessary to ensure that all people, including people with disabilities, can participate and benefit from programs and services that the City offers.

**c. Outreach** (Describe the outreach your organization will provide for the CDBG-funded project, as well as provide a list of the languages currently included in your organizational outreach)

PCS staff have engaged in outreach to determine priority projects for park improvements. Staff continues to work through the Social Services Commission, the ADA Community Forum and input from individuals in identifying priority accessibility projects. Public meetings are given proper notice.

**d. Organizational Capacity** (Summarize your organizational capacity for the proposed project)

The City Manager's Office is responsible for implementation and oversight of CDBG-funded ADA projects including monitoring compliance with ADA regulations and implementation of the Self-Evaluation and Transition Plan project priorities. CDBG staff will draw on the expertise of existing City staff that has been involved with implementation of ADA projects since creation of the Self-Evaluation and Transition Plan. In addition, staff will continue to benefit from community members who contribute their expertise and feedback to the City through their participation in the city's ADA Community Advisors. Staff also continues to work with available in-house staff, as well as contractors, when appropriate.

**e. Partnerships and Other Resources** (List other agencies you collaborate with and indicate whether or not your proposed project is duplicative of other projects operated by local public or non-profit organizations)

The staff and citizen review process draws on considerable experience and professional expertise related to barrier removal and inclusion of persons with disabilities. City staff collaborates across departments to assess and prioritize the implementation of ADA-related improvements within the City's facilities and in the community. Economies of scale have been achieved by including small CDBG-funded activities within larger multi-project and multi-funded contracts. Project budgets have been reviewed to ensure that CDBG project costs are only related to ADA improvements.

**PERFORMANCE MEASUREMENTS AND SCHEDULE**

<b>ACTIVITY</b> (What the program does to fulfill its mission)	<b>INDICATOR</b> (The direct products of program activities) <b>SERVICE #s</b>	<b>OUTCOME</b> (Benefits that result from the program)	<b>COMPLETION DATE</b> (When the specific task is completed)
Removal of architectural barriers	Completion of the projects identified above Actual addresses/sites TBD	Improved access to City facilities and throughout the community	June 30, 2024
