*Fees may be refunded for trees found to be dead or for circumstances as directed by Urban Forestry Manager*

The Tree Commission provides guidance to the Urban Forestry Manager and to the City Council regarding tree removal and replacement requests. The Tree Commission provides for the protection, preservation, and enhancement of the Davis urban forest. The Tree Commission is charged to evaluate the need to remove a City tree on a case by case basis for trees in the following conditions:

- Poor health, diseases, exceedingly slow growth, large scale limb failure, decay, and continued invasive root problems;
- Potential for hazardous conditions that are caused by the street tree and cannot be mitigated without the removal of the tree.

The Tree Commission does not have the authority to recommend the removal of a City Tree for its debris, such as leaves, fruit, nuts, pollen, pine cones, needles, etc., nor does it have the authority to recommend tree removal for solar collector installation per Municipal Code Section 40.38.050.

**Requests submitted after the first of the month will be placed on the following month's Tree Commission agenda**

All Tree Commission decisions can be appealed to the City Council for their consideration. Appeals must be made within 10 days of Tree Commission ruling notification.

I have read the above Tree Commission statement and understand the conditions outlined:

_____ Signature	_____ Date
